

REMARKS

The specification has been amended to include headings for various sections of the application as is the practice in the U.S. An abstract as was used at the international stage is added by this amendment. No new matter is added.

Claims 1-17 and 19-20 have been amended to eliminate multiple dependent claim format, use language (e.g., "wherein" and "further comprising") more akin to current U.S. practice, to eliminate antecedent basis issues, to eliminate references to further defining terms in the same claim (e.g., "particularly"), and to include the features of claim 1 into product by process claim 19. The application now includes twenty total claims of which claims 1 and 19 are independent claims.

Please calculate the filing fee based on the above amendments. Please charge any fees for such provisional petition and any deficiencies in fees and credit any overpayment of fees to Attorney's Deposit Account No. 50-2041.

Respectfully submitted,
